

ASSOCIATION INTERNATIONALE D'ATTELAGE DE TRADITION

Fondée en 2008

**To the Presidents of the National Associations,
Members of AIAT**

Paris, 15th March 2020

Dear friends,

All of us, in charge of our national AIAT associations, cannot ignore the coronavirus pandemic which strikes yet, or will strike all our countries.

To all of you, I wish to express my sympathy in these difficult times !

And I wish to share with the representants of the 16 nations, members of AIAT, the reliable and great solidarity which we must maintain between us ; we all are concerned and must keep in close and friendly contact.

As to the events which are planned in a near future, CIATs, CATs or ATMs, it is too soon to adopt a definitive position, except for those which are really near in time. We must, of course, see the progression of the pandemic, keep careful and vigilant – and certain that we shall get out of this, sooner or later.

Could you pass these few words to the organisers of competitions or events, to tell them that I am fully aware of the problems which they will meet for some time and that I am absolutely with them And the same for your drivers !

I am sure that you all will take all the necessary precautions and keep in good form – and that when this nasty period will be over, we all shall meet and drive again with enthusiasm !!!

With warmest regards to all,

Baron Christian de LANGLADE,
President of AIAT

95, avenue Victor Hugo – F-75116 PARIS
